For the Season, the Soccer Sponsor will be handled differently than other youth sports. Soccer is a two season sport that is played in the fall and the spring. As a result, children wear the same uniform for both seasons. Rather than a sponsor's logo on the front of the player's jerseys, a Banner will be displayed at all game locations recognizing the businesses or clubs sponsoring the league.

If you have a certain style of print or logo that you would like to appear on the banner, please enclose this information.
